This tune was composed by the great fiddler Clyde Davenport (1921 - 2020), of Monticello, Kentucky. It is slightly crooked; note the extra beat in the B part, in measure 21, and in the repeat in measure 29. Recorded at his home in 1994 by Ray Alden, it was eventually released on a CD by the Field Recorders' Collective in 2015. It has been suggested that this is another Davenport tune, Five Miles From Town, turned upside down.
